SUMMARY

Product Manager with experience building B2B and consumer-facing products across AI, marketplaces, and enterprise software. Experienced partnering with customers and engineering to identify problems, define product strategy, and ship products from 0-1 and across existing platforms.

WORK EXPERIENCE

Toshiba Sep 2025 – Present

Associate Product Manager — Durham, NC

- Owned product strategy and roadmap for Toshiba Marketplace, enabling growth across the ELERA POS platform.
- Built and launched a prototype developer API portal for the ELERA platform; created documentation, playbooks, and quick-start guides to support partner and ISV onboarding.
- Partnered with customers and commercial stakeholders to identify integration and onboarding friction, translating field feedback into product and roadmap improvements.
- Owned the end-to-end product lifecycle for the Toshiba Product Compatibility Tool, from discovery through roadmap execution.
- Developed an AI tool that assists with drafting Business Requirement Documents.

OpenLaw Jun 2025 – Aug 2025

Technical Product Manager — Miami, FL

- Drove end-to-end delivery for an attorney marketplace, collaborating with engineering, design, and sales teams on product improvements for a platform serving 85,000+ monthly active users.
- Led the design and technical discussions for AI-enabled conversational search on the attorney marketplace platform, defining relevance and answer-quality criteria with engineering.
- Built and deployed a voice-AI agent to automate client intake, reducing onboarding time from 1–2 weeks to 10 minutes and cutting manual workload by 60%.
- Led development of an AI Paralegal app integrating with external APIs to retrieve case data, reducing manual case management effort.

Tata Communications Jun 2023 – Dec 2023

Product Engineer Intern — Pune, India

- Built an AI-powered knowledge platform, reducing ticket resolution time from 18 minutes to under 2 minutes.
- Mapped cross-functional workflows and delivered automation initiatives, improving SLA compliance by 35%.
- Conducted user interviews with 40+ stakeholders, identifying pain points that informed feature prioritization and product decisions.

Spenny Fintech Jun 2022 – Aug 2022

Product Marketing Intern — Bengaluru, India

- Wrote GTM documentation and integration guides for 3 fintech partners, improving onboarding speed by 25%.
- Analyzed marketing performance data to optimize content strategy, driving a 73% lift in engagement and 120% growth in followers.
- Worked with product and engineering to build API integration and user guides, reducing partner queries by 35%.
